**Subject:** RE: Assistance Identifying FOIA Custodians (Oil and Gas)

Hi Peter,

I think the list with the below recommended names is pretty comprehensive so I don't have additional ones to add. Thank you for checking.

Best,  
Mandy

**Subject:** Assistance Identifying FOIA Custodians (Oil and Gas)

Hello Mandy,

As you may know, the Agency is responding to a series of FOIA requests seeking information related to compliance with the 2016 Oil and Gas Rule. We have collected email correspondence from OECA custodians and are developing a list of staff from other offices who may have responsive emails. **I am seeking assistance identifying OAR Immediate Office/Administrator Office/other leadership custodians who would have email correspondence on this topic.** Specifically, responsive email correspondence would be:

- Internal or external emails referencing the new source performance standards for the oil and gas sector, Subpart OOOOa, or any reporting associated with the rule that also contain the terms:
  - Comply,
  - Deadline,
  - Delay,
  - Due,
  - Enforce,
  - Extend,
  - Postpone, or
  - Variance.

Office of Executive Secretariat staff suggested Ryan Jackson, Samantha Dravis, and Liz Bowman may have responsive correspondence, but that you would be a good person to approach with this question. Emails will be collected by the e-discovery team and reviewed appropriately. Please let me know if you're able to assist with identifying custodians or have any questions. Thank you,

Peter
